Bucks County Legends Baseball was established in 2010 with the goal of providing each of its members with a superior learning experience to develop as athletes, students and as young men.

Our club combines an experienced coaching staff with a structured teaching agenda that challenges the player/athlete while encouraging them to have fun and enjoy the game of baseball.

Our club was designed for additional training on the fundamentals of baseball and to face the toughest competition at some of the finest facilities in the tri-state area. Reaching this level requires all players and parents to understand and share our goal.
